Description

There are many different designs you can use for awards or award components. This is a perfect example of a detail piece that we can create that adds to another award or display. This maple leaf is a portion of

another award. It's small, only 4 across. It was created as part of a larger memorial board for a local hospital. These pieces can be made to represent logos, taglines, and parts of larger 3D displays. Shapes 1160 and Admiral Farragut Academy are excellent examples of the ways we use these pieces.
